A golden opportunity for commemorative coin enthusiasts.
Capture a once-in-a-lifetime moment with official United States coins
commemorating the Atlanta Centennial Olympic Games.

Dear Gold Coin Enthusiast,

Since their inception in 1896, few events in human history have been as rich with drama, tradition and excitement as the Modern Olympic Games. It's no wonder, then, that the Centennial Olympic Games, to be held this summer in Atlanta, are perhaps the most anticipated moment in Olympic history.

After one hundred years, the moment is here. In recognition of this historic occasion, the U.S. Mint has created a series of 16 gold, silver and cupronickel coins.

These exquisite gold coins capture and preserve forever the full scope of the Olympic experience, from the majesty of the cauldron to the symbolic brotherhood of the flag bearing ceremony.

Gold coin collectors have been telling us that they want to see lower mintages in our commemorative programs. We've listened. The authorized mintages for the 1996 Olympic gold coins are the lowest of the modern era. In fact, they are the lowest of any commemorative gold coin since the 1920s.

You can capture this golden moment with U.S. Olympic coins. By purchasing these coins, you'll be able to relive the magical moments of the Centennial Olympic Games forever. And because each purchase helps support U.S. athletes and the Atlanta Centennial Olympic Games, you'll also help our U.S. athletes reach their quest for Olympic Gold.
